## Medi Rub<sup>™</sup>

break free from  
joint & muscle pain  
*naturally!*

No NSAIDs

No preservatives

No Methyl Salicylate

# Medi Rub™

break free from  
joint & muscle pain  
*naturally!*

Michael's Medi Rub is an anti-inflammatory ointment which provides fast and effective relief from joint and muscle pain. Michael's Medi Rub combines the benefits of natural Emu Oil, Eucalyptus Oil and Arnica Montana to create a uniquely Australian solution to reduce pain and inflammation in joints and muscles.

Michael's Medi Rub is used by Physiotherapists, Massage Therapists and professional sporting teams.

Michael's Medi Rub is recommended to be used three times daily as an alternative, or in combination with other pain relief treatment.

Michael's Medi Rub is only available from Pharmacies, where you can expect the most professional service and advice.

## Benefits of Michael's Medi Rub:

- free from NSAIDs (Non Steroidal Anti-Inflammatory Drugs)
- natural anti-inflammatory
- formulated by pharmacists
- approved by the Therapeutic Goods Administration (TGA)
- gently warming for sensitive skin
- suitable for back pain, neck pain, joint pain, muscle pain, arthritis, sports injuries and muscle cramps
- suitable for use several times a day
- 100% Australian made and owned
- combines the benefits of Emu Oil, Arnica and Eucalyptus Oil

## Why Arnica?

- *Arnica Montana has natural anti-inflammatory and anti-bruising properties.*

## Why Eucalyptus Oil?

- *Eucalyptus Oil provides a rubefacient effect (increased bloodflow and facilitates warming to influence pain messages to the brain) as well as providing a pleasant fragrance when applied.*

## Michael's Medi Rub

- Natural anti-inflammatory ointment designed for massage.
- Combines Emu Oil, Arnica and Eucalyptus Oil.
- For best results use three times daily or as required. Use before and after exercise.
- Consider using with other pain relief medication including oral anti-inflammatories and glucosamine. (Seek advice from your doctor or pharmacist when combining pain relief medication.)

Available: 75g Tube, 100g Jar and 250g Jar

I must say that Michael's Medi Rub is not just an *alternative*, not just *equivalent* to NSAID based topical anti-inflammatories, it is *superior* to all of them.

I Tabrizian, Clinical Nutritionist

Thanks for your wonderful product, Michael's Medi Rub. Our medical team use it to treat the professional dancers in the company, with great satisfaction.

S. Mayes, Principal Physiotherapist - The Australian Ballet

Michael's Medi Rub is the best. After suffering for a year with agonising arthritis and muscle pain after being hit by a car, I am so relieved to have found a product that really works.

K. Azuma
